## REMINISCING

Old-time radio buffs have been honoring the radio stars of yesteryear annually since 1971—our 1st old-time radio convention. The popularity of the conventions has grown steadily over the past 16 years. The first convention hosted 4 guests—this year we are honoring over 40 actors, actresses, writers, producers, directors and technicians who made the age of radio a truly golden era. What better way to pay tribute to all our guests than to meet them in person at this, our 11th Annual Convention of **THE FRIENDS OF OLD-TIME RADIO**, and express the enjoyment their performances brought and still bring to us. Our lives have been greatly enriched by the talents of those we honor today.

The Friends of Old-time Radio is a group of fans and collectors who meet once a year for this non-profit Convention. All monies collected are used for hotel Convention costs.

WHAT YOU ALWAYS WANTED TO KNOW ABOUT CIRCULATING OTR SERIES

(but could never find out)

A NEW PUBLICATION: A computerized listing (with letter-quality print) of all available complete network and syndicated shows has recently been published by Jay Hickerson. Each item lists the title, year(s) on the air (and in many cases the exact dates) and the number of shows available for trade. Often the star and sponsor is indicated. If there are a few shows available, exact dates or titles are shown in most cases.

Foreign shows, AFRS and government sponsored series, country and western shows, local series and remotes are projects of their own. I will mention many of these in this project with a representative number of shows available. No remotes will be listed but all bands and singers will be included if they were on a weekly or daily show. I am including news commentators with one or two dates for each one as well as religious programs, sports and health shows. Some shows are listed more than once by sponsor or other category. Whenever possible, I have indicated whether the number of shows available is the complete or a partial run.

The information was gathered from various catalogs and my own resources. Since new programs are discovered constantly (many aren't listed in catalogs until much later) and since there is conflicting information, it was a difficult project. Undated shows cause a big problem and dates seem to change from catalog to catalog.

The Big Broadcast and Tune in Yesterday are now out of print. Both books described the shows but did not indicate availability. I hope this project will correct inaccurate information found in certain other books and add to the number of programs previously covered.

The cost of this project: \$17.50 (mailed first class and flat). The document is 44 pages long and the 2200 different network and syndicated series are arranged alphabetically. If someone had all the available shows I am aware of, they would have about 50,000 programs.

LOGS AND LISTINGS FOR COLLECTORS OF OLD-TIME RADIO PROGRAMS

NETWORK RADIO: Included in this first comprehensive study, written in 1971, are most network programs (650) that were then being circulated. Omitted for the most part are news programs, bands, talk shows, syndicated and local shows on less than one year. Details about the programs vary. They include: duration, network, day, sponsor, and in some cases, time. One of the main reasons for doing this is to correct, where possible, inaccurate data and to help you date shows. Cost is \$8.00.

SUSPENSE LOG: A complete log of every show ever broadcast from 1942-62. Most programs list the guest star and director. Cost is \$6.00.

HELLO AGAIN: Now in its 17th year, HA is the oldest independent newsletter dedicated to the traders and collectors of old-time radio shows. Much of the information it contains is contributed by collectors including: problems and techniques in dubbing, tape quality, what different collectors are doing and what they are looking for, updated info about new radio shows being circulated, information about publications, activities, clubs, catalogs and logs related to old-time radio, deaths of radio personalities, and much else.

The first issue received includes listings of all OTR clubs, publications, many dealers, all logs available and many radio stations playing OTR. It is now printed rather than mimeographed and runs about 4-8 pages an issue.

Subscription is \$10.00 a year for 6 issues per year. Send a SASE for a complimentary copy. Back issues are \$1.00 each.
