A PERSONAL NOTE: My six-page Guide for Collectors is still available for \$1.00. It contains much information for new collectors and is a good reference tool for the experienced collector.

IN FOND MEMORY. I mentioned last month of the passing of Betty Prescott, wife of Bob Prescott. The following was sent to me by Steven Hiss from Florida:

"So sorry to hear of the passing of Betty Prescott. I met her and Bob last year at the convention on Friday night where they regaled us into the wee hours with the warmest tales of their lives together both public and private. She really made me feel welcome. I'm sure God will make her feel welcome too. The Prescott family seemed to go out of their way to be helpful - from mingling with as many as possible, to autographs, to being on time for their demonstrations, to telling endless stories, to bringing all that equipment, and not worrying when a child tried to destroy that same equipment. My note is for a little extra recognition for Betty and Bob this year. Bob is a great caring, sharing man with a big heart."
