Hello Again - From Pat McCoy

Dan and Laurie have done an exemplary job since graduating from college and are now running our other businesses. I'm glad to be back as this has always been my favorite hobby.

In the future new listings will be added and supplemental catalogs will be sent out containing approximately 500 cassettes. Let us hear from you - the best way for us to know what shows to include in our supplements is by your direct requests for a show or series.

Cassette catalog #7 will be ready soon. Contains cassette numbers 1736 through 3200. After that, cassette catalog #8 will be the Lum & Abner chronology - approximately 300 cassettes. These chronologies will be in 60 and 90 minute format with special prices. If interested, let us know and these catalogs will be sent to you as they are completed.

Though we are well known for our abundance of material and superior sound quality we have built our business around service. If at any time you feel you have received a cassette that is not satisfactory to you, please let us know. We will either replace or refund - whichever you prefer. Please remember you are the final judge of the material you receive. Your satisfaction is our number one concern.

McCoy's Recording is one of the largest sources of old time radio material available with over 50,000 shows and 2 million songs on 5000 reel-to-reel tapes. If you would like the complete reel-to-reel catalog listing our entire collection from which you can order reel-to-reel or cassette send \$15.00 (refundable on your first order).
