EXCELLENT: Broadcast quality, but may contain an audio skip or very slight hiss or hum. Generally just as nice as you might have originally heard it on the radio.
VERY GOOD: Contains a minor defect (audio scratch, station drift, slight distortion, hiss, hum), but not enough to impair enjoyment of the show.
GOOD: Contains enough hiss, hum, surface scratch or other defect to make pleasurable listening a chore.
FAIR/POOR: Contains serious defects and is not recommended to any but a serious diehard of that particular show.

MAILING INFORMATION: All orders generally filled within 48 hours of receipt. Larger orders may take longer. Ordinarily, orders are shipped via the special 4th class rate for sound recordings. ALSO: The term "complete" usually means just that - nothing missing. It may also be used for a small number of programs with portions of the opening/closing/commercials missing. If the story is intact and the amount missing is not excessive, the term "complete" is used. Note that sustaining, syndicated (sold to individual radio stations), and AFRS programs generally do not contain commercials.

 Popular Producer-Star of "Duffy's Tavern"

• "Yep, Finnegan, Eddie, Miss Duffy and all the rest of the old gang are at Duffy's every Thursday night," says Archie. "And somethin' new has been added! We're now servin' only Blatz, the brew Milwaukee people pick as Milwaukee's finest beer. And that right there is the tip-off for us beer lovers. Them Milwaukeeans know their beer—and they've made Blatz the largest-selling beer in Milwaukee, and all Wisconsin too."

"As always, Eddie-the-Waiter is a thorn in me side. Me pal Finnegan has improved, however. He used to be pretty dumb, but now he's almost up to sub-human. Me guest stars don't try to feed him peanuts no more."

"Join us every Thursday night at 9:30 (E.S.T.) on your NBC station. Listen to Duffy's Tavern, and enjoy a bottle of Blatz, Milwaukee's finest beer!"
