# A WORD ABOUT . . .

## 1. SOUND FIDELITY OF OLD RADIO BROADCASTS

Don't be misled by statements that say old radio programs do not sound very clear because they are 25, 30 or 40 years old. Nearly all the old programs had at least one disc recording (or transcription) made of each broadcast. When these old 16-inch radio program discs are located and transferred carefully and skillfully with superb modern recording equipment onto the highest quality recording tape, excellent sounding programs can be produced.

Unless the old disc is in a poor or deteriorating condition, every old time radio program should sound crisp and clear, free of annoying hum, buzz or static. This is the kind of high quality sound you receive from Old Time Radio, Inc.

## 2. FAST, EFFICIENT AND DEPENDABLE SERVICE

Your order for tapes or cassettes is our most important product. Because we want you to be completely satisfied in every respect, we do everything in our power to provide the finest and most efficient service possible. We know that you will be delighted and amazed at the speed with which your orders arrive back home.

Since no one can guarantee mail service to be 100% dependable, your finest protection for safe delivery is postal insurance. We will be delighted to provide postal insurance if you kindly send 25¢ extra for each package you wish insured.

## 3. PRICE

With the exception of material ordered through our research service, on anything ordered from this Catalog you pay just one price—\$3.00—for each 1-hour reel to reel tape or cassette. For this incredibly low price you receive:

- A. One hour of old time radio programs
- B. Excellent fidelity
- C. Fine quality reel to reel tape on 5'' reels
- D. Or a quality C-60 cassette
- E. Expert packaging
- F. Fast service . . . We pay the extra postage on special handling service to make sure you receive fast, efficient and dependable mail delivery.
- G. All customers have access to our research service for custom orders. This opens for you our vast treasurehouse of old time radio programs.

## 4. DISCOUNTS

We have a pleasant surprise for those who would like to order 10 or more hours at one time.

Hours	Discount	Per Hour

120 (entire collection)	20%	2.40

# HOW TO ORDER FROM THIS CATALOG . . .

1. Unless otherwise indicated all the programs in this Catalog are approximately 30 minutes long. There is 1-hour's worth of programming on each reel to reel tape or C-60 cassette.
2. Please indicate whether you want a reel to reel tape or a cassette.
3. For each reel to reel tape ordered, please indicate the reel number and the title of the program series.  
For example: # 1—CASEY, CRIME PHOTOGRAPHER
4. For each cassette ordered please place a "C" in front of the number ordered and indicate the title of the program series.  
For example: # C-1—CASEY, CRIME PHOTOGRAPHER
5. Order as many reel to reel tapes or cassettes as you like.
6. For each reel to reel tape or cassette ordered, please remit \$3.00 by check, money order or bank draft. Persons ordering from Pennsylvania don't forget to add 6% sales tax.
7. If you order any research sheets or programs from the research section, don't forget to add this cost to your total order.
8. If you order 10 or more hours at one time, don't forget to use the discount chart in figuring your cost.
9. Please use the official order blank in placing your order.
10. If you desire another copy of this Catalog, please remit \$1.00 for each catalog desired to cover postage and handling, and we will rush you another catalog immediately.
11. Please note: the many programs offered in the main body of this Catalog, as well as the research section, are intended for home consumption only, and broadcast in any form is strictly prohibited.

# CUSTOMER RESEARCH SERVICE FOR CUSTOM ORDERING

1. In this Catalog there are 120 hours of old time radio programs listed. Each hour can be found on a reel to reel tape or C-60 cassette bearing its own number. Among these 120 hours are 59 different program series. By a program series we mean AMOS and ANDY, or FRED ALLEN or JACK BENNY . . . these are 3 different program series.
2. On the preceding pages you will find a master listing of over 1,300 radio program series. They are listed only by title. These series—plus many more—are found in our vast radio treasurehouse. This fantastic list—even though incomplete —represents 20,000 radio broadcasts.
3. These 20,000 programs—plus thousands more—are immediately available to any of our customers through our Research Service for Custom Ordering.

## HOW OUR CUSTOMERS MAY ORDER RESEARCH SHEETS FOR CUSTOM ORDERING

1. The only way you can secure more radio programs not listed for sale in the front of this Catalog is by first ordering research sheets of your choice.
2. In order to avail yourself of this special research service you must presently be a customer of Old Time Radio, Inc.
3. Send 50¢ in cash, check or money order for each research sheet you wish.
4. Each research sheet contains complete information about 6 programs in the series you requested.  
For example: information on 6 FALCON programs, or 6 JOE PENNER programs.  
  
Note: If less than 6 programs are available, your 50¢ fee will be deducted from your next order.
5. Order as many different research sheets at a time as you wish; 1 at a time on each series.  
For example: you may order 50 research sheets at one time if each sheet pertains to a different series . . . 1 research sheet on JOE PENNER; 1 research sheet on ELLERY QUEEN, etc.

## HOW TO ORDER FROM THE RESEARCH SHEETS

1. Unless otherwise indicated all the programs on each research sheet are approximately 30 minutes long. There is 1-hour's worth of programming on each reel to reel tape or C-60 cassette.
2. Please indicate whether you want a reel to reel tape or a cassette.
3. For each reel to reel tape ordered, please indicate the reel number and the title of the program series.  
For example: #1—JOE PENNER
4. For each cassette ordered please place a "C" in front of the number ordered and indicate the title of the program series.  
For example: #C-1—JOE PENNER
5. Order as many reel to reel tapes or cassettes from the research sheet as you like.
6. For each hour's worth of programs ordered through our research service, on reel to reel tape or C-60 cassette, you pay just one price—\$5.95. This price covers these exclusive features:
  - A. The rare nature of the programs themselves.
  - B. The difficulty in locating these rare programs.
  - C. The extra time and work involved to research our archives.
  - D. The extra time, work, talent and equipment involved to customize your order.
  - E. Fast, efficient and dependable service which includes special handling mail service.
7. We have a pleasant surprise for those customers who would like to order 10 or more research hours at one time. We offer you these discounts.

Hours	Discount	Per Hour
1- 9	None	5.95
10-29	5%	5.65
30-49	10%	5.35
50-up	15%	5.05
