Alka-Seltzer gives *Double Relief*

for
COLDS
ACID INDIGESTION
SOUR
STOMACH
HEADACHE
MORNING AFTER

FIRST—Alka-Seltzer relieves the distress of Headache, Acid Indigestion, Neuralgia, Gas on Stomach, Muscular Pains, and "Morning After" because it contains an analgesic, (sodium salt of aspirin.)

SECOND—Alka-Seltzer helps to correct the over-acid condition that is often a contributing cause of the above ailments.

HOW TO GET RELIEF plus ALKALIZATION

Get a package of Alka-Seltzer at your Drug Store.

Drop one or two tablets into a glass of water.

Watch it sparkle and bubble like carbonated spring water, listen to it fizz. **THEN DRINK IT.** Tastes good, doesn't it?

Alka-Seltzer is fully dissolved before you drink it—no flakes or particles to irritate the delicate lining of the stomach.

And remember—Alka-Seltzer is more than a mere pain reliever because it helps you maintain a healthy alkaline balance—more than a mere alkalizer because it relieves the pain of Headache, Gas on Stomach, Colds, "Morning After", Muscular Pains, and Acid Indigestion.

MORNING MISERY**

DROP ONE OR TWO ALKA-SELTZER TABLETS INTO A GLASS OF WATER

WATCH THEM FIZZ INTO A SPARKLING PLEASANT TASTING SOLUTION.

AND THEN DRINK IT!

THE pain relieving element in Alka-Seltzer (sodium salt of aspirin) is completely dissolved and ready to be absorbed into the system before you swallow it. That is one reason why those who use it for the first time are so pleasantly surprised at the prompt relief Alka-Seltzer gives.

Alka-Seltzer is pleasant to take—tastes like charged spring water: easy to get—sold at all Drug Stores. Alka-Seltzer gives prompt, double relief—eases pain and helps to alkalize. No wonder Alka-Seltzer has become America's favorite medicine.

Won't you try Alka-Seltzer? Your money back if, after taking your first package according to directions, you are not entirely satisfied.
