DAVE:

Sure is nice to sit back and sorta daydream about all the things you'd like to have...but it's even better to go out and get 'em. Yessir, when you get right down to it, most of us want the real thing ! And that goes for cigarettes, too. That's why these days you hear so many folks say, "Have a real cigarette -- have a Camel ! " Y'see, no other cigarette brings you the full, rich flavor and smooth mildness of Camel's exclusive blend of costly tobaccos. So naturally, no other cigarette gives you the same smoking comfort you get out of Camels. No wonder more people today select Camels than any other brand. Why not join 'em? Find out for yourself the difference between "just smoking" -- and Camels. So good and mild...the finest taste in smoking !
