ANNCR: Say, ever think of what makes for popularity? Just think of the most popular person you know. I don't mean a screen star or celebrity -- just a friend who's good to have around. Bet you agree with me that a person like that's popular because he adds to the fun and enjoyment of living. Y'know, it's the same way with Camels. They add to the fun of whatever you're doin. No other cigarette brings you the full, rich flavor and smooth mildness of Camel 's exclusive blend of costly tobaccos. No other cigarette gives you the same smoking comfort you get out of Camels. That's why more people today select Camels than any other brand. Discover for yourself the difference between "just smoking" -- and Camels. Have a real cigarette -- have a Camel ! So good and mild...the finest taste in smoking !
