ANNCR: 8:58.20

Came across a piece in the papers the other day about a fella who says that eating is old hat ! This fella claims to have invented a pill that takes the place of 3 full meals. No mess, no bother, no food ! Well, I wonder if it can ever take the place of a delicious slab of apple pie with ice cream on the side ! I have a hunch that folks prefer the real thing. That's one big reason, y'know , why more people today select Camels than any other cigarette. No other cigarette brings you the full, rich flavor and smooth mildness of Canel's exclusive blend of costly tobaccos. No other cigarette gives you the same smoking comfort you get out of Camels. For your own smoking enjoyment, have a real cigarette.....have a Camel ! Discover the difference between 'just smoking' ... and Camels. So good and mild.
