ENGINEER SWITCH TO STUDIO FOR CAMEL HITCH HIKE LIVE

ANNCR:

Guess one of the oldest slogans in the country.... and certainly one of the best-known--is: "I'd walk a mile for a Camel," Anybody who's ever smoked a Camel knows just exactly what that statement means. You get more real enjoyment out of Camels than any other cigarette can give you. That's because the Camel blend of costly tobaccos has never been equalled..... never duplicated for rich tobacco flavor and easy-going mildness. It stands to reason: the best tobacco makes the best smoke. *the* Thing about Camels is---they never let you down. No fads or fancy stuff to this cigarette--- simply the finest taste in smoking. Guess that's one of the big reasons why more people smoke Camels than any other brand of any kind. Folks know Camels are worth walking a mile for ! You oughta try the smoke that's No. 1 today in the U. S. A. Have a real cigarette.....have a Camel !!
