ANNCR:

~~ET~~
You know, a lot is said about a lot of different cigarettes. But when all is said and done...it all comes down to this: Are you smoking more these days, but enjoying it less? If your answer is "yes" then change to Camels...a real cigarette...America's most popular cigarette for the 10th straight year! It sure makes sense, because with Camels you get the full, rich flavor and easy going mildness that adds up to complete smoking satisfaction with each and every cigarette. The secret? The best tobacco makes the best smoke. The Camel blend of costly Turkish and domestic tobaccos has never been equalled by any other cigarette! So, if your present brand isn't giving you all the smoking satisfaction you want...if you find yourself smoking more these days...but enjoying it less...then change to Camels! Yes have a real cigarette... have a Camel!
