ENGINEER SWITCH TO STUDIO FOR LIVE CAMEL HITCH HIKE

ANNCR: If you're just about to light up a cigarette, right about now is the perfect time to ask...are you smoking more these days...but enjoying it less? If that's the case with you, change to a real cigarette... change to Camels. Believe you me, you'll start to really enjoy smoking again. Because Camels give you that full rich flavor...that easy going mildness, that complete smoking satisfaction no other cigarette delivers. No question about it: the best tobacco makes the best smoke. No question about this either: the Camel blend of costly Turkish and domestic tobaccos has never been equalled for real smoking enjoyment each and every time you light up. Guess that's why Camels are the favorite cigarette in the U.S.A. for the 10th straight year! How about your brand? Are you smoking more lately...but enjoying it less? Then have a real cigarette. Have a Camel!
