BOB:           Hey, what's happening to the lights? Golly! What if they go out!

LEM:           Aw, don't get so excited, Bob! This is radio, not television. No one needs to see you, on this show.

BOB:           But I'd like to be able to see my script!

LEM:           What for? Right now is when we talk about Prince Albert... and if you don't know how rich and full-flavored Prince Albert tastes, I do! Been smoking it...enjoying it...for years!

BOB:           But Lem, you got me wrong! I know all about Prince Albert, honest! I know Prince Albert is specially made for smoking enjoyment...its choice tobacco is specially treated to insure against tongue bite...and crimp cut to burn slow and even, and smoke cool!

LEM:           Well, then, what are you worried about? You've only forgotten one thing: the natural fragrance of Prince Albert's choice tobacco!

BOB:           So, fellas...for extra smoking enjoyment, buy Prince Albert, the National Joy Smoke -- the largest-selling smoking tobacco in America! For convenience, buy Prince Albert in the handy pocket tin with the humidior-top. For economy, buy Prince Albert in the big pound-size!

LEM: See, Bob. The lights are O.K. now. There wasn't any reason to get upset.

BOB: Yeah, but if you'd been in the middle of rolling a "makin's" cigarette, bet you'd have worried, too.

LEM: Not me! I smoke Prince Albert! And Prince Albert practically rolls itself into a "makin's" cigarette. Because Prince Albert's choice tobacco is crimp cut...so it clings to the paper...doesn't blow around...doesn't dribble out the ends. Quick as a flash, anyone can roll a firm, smooth cigarette with Prince Albert!

BOB: Well, I don't know for sure. But I can guess. He's more 'n' likely backstage, rolling himself a "makin's" cigarette. Every time I've seen him lately, he's been making with the Prince Albert and O C B cigarette papers.

LEM: Good for Cliff? Shows he's got good taste. Nothing's better, for my money, than a "makin's" cigarette, made with rich, full-flavored Prince Albert!
